d) Financial Management: Investment of the Long-term Fund:

It had been agreed that council should look to investing the long term burial grounds maintenance fund in a higher interest account. NM and PR had spoken to his financial adviser with regard to an online platform, Flagstone, which provides the facility to identify savings accounts open to Parish Councils and the ability to make a quick decision on a favourable interest rate. There is a small management fee for use of the service. Money is initially invested in an HSBC account. NM explained how it worked having given each councillor a handout. PR proposed to agree in principle to invest up to a maximum of 12 months, using the Flagstone platform with the security of cover up to £85000. Any interest accrued would stay in the Long-term fund. The proposal was unanimously agreed by a show of hands.

207 To approve for adoption: The Social Media Policy was agreed by all.

208 Burial Grounds:

- a) Report on Burials: There had been one full burial and two ashes interments.

b) Maintenance in Burial Grounds: AJT Garden Services would be doing work in the burial grounds on 19 and 20 January. It was agreed to look at discussing resurfacing the burial ground carpark at the budget meeting. LY offered to help HB with a rolling programme and would meet her in the burial ground. HB was happy to have the help.

209 Knapton Issues:

A Knapton resident said that it looked as though someone had done some weedkilling at the Knapton end of the Bridleway to Rufforth. It still needed a lot of work doing to it and the nettles were very bad. The Clerk would follow up and copy to AH.

With the lack of a pub there was no heart to the village, it was suggested a couple of planters by the bench on the triangle might enhance it. It was agreed that it should be looked at as part of the budget meeting.

- The Red Lion: There were restrictions on the pub in the Neighbourhood Plan. MR stated that it was owned by Stonegate Pub Partners and was for sale on Right Move Commercial. Linda would draft a letter to the brewery to bring back to councillors and if approved the clerk would send.
- Residents' Engagement: It had been proposed by those running the Community network that it become the Rufforth with Knapton Community network and VK proposed that posts are put onto it signposting meeting agendas etc on the website. VK would take this project on.

210 Website: The 412 Bus Survey was now on the website.

211 412 Bus Service: After much hard work by PR, CYC and NYCC will fund the current service timetable (not Saturdays) until the end of March. PR, NM and an interested resident are going to a meeting with the Civic Council. PR thanked AH for her help on this. Further work will be required to ensure the long-term future of the service, using the information from the survey and discussion with CYC and NYCC. PR agreed to lead on this project.

212 Rufforth Playing Fields' Trust Deeds: As yet the Trust Deeds have not been located. PR would talk to the RPFA Trustees re contacting Harrowells, as it has been discovered through archived minutes that they dealt with the land purchase and may have a copy of the Deeds.

213 Items for possible inclusion in the budget: The Pond, Rufforth; Planters by the bench on Knapton Green:

214 Rufforth Issues: NM thanked Terry Edmonds for the hours of work he had put in getting the data from the VAS and Speedwatch. NM is applying for a 40mph buffer zone on Bradley Lane and Wetherby Road, also a 20mph zone between the chicanes. This will be discussed next week. PR thanked NM for all his work on this. Terry Edmonds will be thanked for his work by the Clerk.

Cycle Path – HB, AM, PR and Alasdair Downie met by the pond behind the Tankard to agree a management plan. Weeds would be kept well back from the track but left to grow towards the hedge. The hedge had been cut and a resident volunteer had brushed the track clear, he had been thanked.

Village Pond – Clearance of tree and rushes: MR would take over responsibility for this and would look at what needed doing and come back to council.

215 Community Woodland: Following John Flynn’s resignation PR has had contact with Nick Short of Forestry England who is managing the project. Nick is suggesting he and PR meet up in the New Year.

216 Representatives’ Reports:
